

**Echo** is New Tech Network's web-based learning management system (LMS) designed to support Project-based learning (PBL), facilitate communication and collaboration, and improve teacher practice. **Parent access** allows you to view student information, course work, and grades for your student(s). Parents do not have access to any other student profiles or other private information at the school.

**To login:** You'll enter your username & password at: [echo.newtechnetwork.org](http://echo.newtechnetwork.org)

**Username:**

If you provided the district with a working email address that will be your username.

If not, but you are a registered parent with the district, your username will be the first letter of your firstname, followed by your entire lastname, at the non-usable email domain: @enth.org

Example: If my name is Louis Armstrong my username would be:

larmstrong@enth.org

**Password:**

For your first login only your password is: "P@55word"

This is case-sensitive and you will change it upon initial login.

**To get started** rollover the 3 vertical bars to select an area

These tabs take you to the major areas of Echo:

- Courses** - list of courses that your students are enrolled in.
- Events** - Monthly calendar that displays the events for your school
- Grades** - Student Details shows all the courses your student(s) is enrolled in and the grades for each course
- Groups** - There are two views in this sections.
  1. My Groups - Groups of which you are a member or an owner
  2. All Groups - all groups at your school
- People** - View of all the Echo staff at your school. Search for users at other schools in the network.
- Library - School Resource Library** contains resources for your school.
- Tools**
  1. **Kudos** - list of positive acknowledgment that your student may have received.
  2. **Behavior Tracker** - Notes on Student Behavior
  3. **Awards** - achievement awards your student may have received
- Notifications** - List of web notifications that you have received. It also contains management for email notifications.
